SUPPLEMENT TO
REPORT NO.

1. A new glass factory in Pancevo, producing special glass chiefly for laboratory equipment, was put into operation in June, 1949. The factory output is sufficient to cover the needs of the country and also produce articles for export.
2. The factory now manufactures phials for blood transfusion, isolators, lenses, electric light bulbs, crystal (lead glass), glass for mining lamps, glass wool, glass "klinger" (possibly glass bells), thermos bottles, and similar glass articles.
3. This is the first factory in Yugoslavia to manufacture neutral (sic) glass. Up to the present all glass products of this nature had to be imported.

This document is hereby regraded to
CONFIDENTIAL in accordance with the
letter of 16 October 1978 from the
Director of Central Intelligence to the
Archivist of the United States.
